29 September 1954

MEMORANDUM FOR THE INTELLIGENCE ADVISORY COMMITTEE

SUBJECT : NIE 11-4-54: Soviet Capabilities and Probable
Courses of Action through Mid-1959

REFERENCE : IAC-M-169, item 5b.

1. The Director of Naval Intelligence has transmitted the following text for inclusion in NIE 11-4-54, as footnotes to the Type 39 and Type 37 columns of Tables 5 and 6:

"The Director of Naval Intelligence believes that the operating performance capabilities of these aircraft could be approximately as indicated. However, he desires to note that these data are based primarily on in-flight photographs and a series of assumptions. Therefore, they may be subject to some revision, either upwards or downwards, as more substantial direct evidence becomes available."

2. Unless a member of the IAC requests that this matter be further discussed at some future meeting, the above footnote will appear in the printed text of NIE 11-4-54, to be disseminated about 8 October.
